

Deloitte School of Tax & Legal Tax Update – Draft Bills 2018/2019

We have the pleasure of inviting you to our Annual Tax Update covering the key proposed amendments to be introduced in terms of the **Draft Taxation Laws Amendment Bill, 2018** as well as the key proposed amendments to be introduced in terms of the **Draft Tax Administration Laws Amendment Bill, 2018**.

The purpose of the workshop is to create an awareness of the key **proposed amendments** in terms of these Draft Bills and their impact as well as to convey when each selected amendment is cited to become effective. This will allow participants to note which particular amendments could impact on their business, from what date, and to then plan accordingly in further detail.

The workshop is not a detailed technical dive into each of the proposed amendments covered, but will cover the following key information with each amendment which we have selected to cover:

1. A high level discussion on the background of the section or paragraph discussed
2. The reason for the proposed amendment
3. The impact of the proposed amendment
4. The effective date of the proposed amendment
5. Any particular insight or comment we have on the proposed amendment

The agenda for the workshop is as follows:
